

END OF THE GAME

As soon as a player places their third stack face up, they win!

MORE WAYS TO PLAY

When you're ready to play a different way, try one of these variations on the game:

Hot Hands: Try playing all at the same time! Instead of taking turns, race to swap your cards as fast as you can. When you swap, you must place a card on the Cookie Sheet as soon as you take one.

Expert Bakers: If some players need help in the kitchen, try giving older players one or two more stacks of Cookie cards than the younger players when you set up the game.

Cookie Crazy: If you have only two or three players, try a longer game. Give each player one or two more stacks of Cookie cards when you set up the game.

Example for 2 Players

OBJECT

Be the first to complete three Cookie sets to win!
A Cookie set is the same character in each of the four colors.

ON YOUR TURN

- 1 Pick up and look at one of your three stacks.
- 2 Swap one card from that stack with one card on the Cookie Sheet.

If that stack is now a complete set (four of the same character), those cookies are done! Place that stack face up in front of you and shout, "Ding!"

If that stack is not a complete set yet, place it back in front of you, face down.

Now it's the next player's turn.
